Preparation for Capitol Hill

Helpful tips for planning and maximizing your time on Capitol Hill.

- **Share the agenda and NASAA initiatives with your agency's leadership team.**
- **Our main objective is to inform legislative leaders of NASAA's current initiatives and concerns related to our mission of protecting the GI Bill. The NASAA Annual Report is a great resource to share with appropriate legislators.**

- **Find Your Elected Officials:**

- **Tips for Contacting Your Officials from Skip Gebhart (Past NASAA Legislative Director, West Virginia SAA Director):**

"... the simpler the letter, the better. I'd just say I'm coming to DC for the annual meeting and want to stop by and meet the staffer assigned to work with veterans and education issues. Often, especially in small House offices, one person handles both but sometimes two different people have those issues. It would not be inappropriate to ask to meet with both in those cases. Remember that they tend to work with smartphones and texts more than paper these days, so tell them in the letter that you will call them to confirm in a few days. When you do, try to get their email and cell numbers if you can.

Once you get there, give them an annual report and your card and let them know you are available if they need help/info with veteran's education questions. Generally they will ask you what issues NASAA is working on, or what concerns you see. Be ready with some responses and tell them you will be glad to find out more for them if they want. That should give you a really good footing for continuing to be in contact and to work with them."
